

# COMPOST OPERATIONS TRAINING COURSE

## What does it take to run a successful composting facility?

The Composting Council Research and Education Foundation (CCREF), working with experts from programs across the country, is offering a week-long course focusing on the knowledge and skills you need to do just that.

**March 12 – March 16, 2018  
Davis, CA**

**Early Bird Special!  
\$100 off if you register by  
February 12, 2018!**

**USCC Members: \$770  
Non-members: \$870**

**After February 12, 2018  
USCC Members: \$870  
Non-members: \$970**

Education Foundation**

### *Who is this class for?*

- √ Compost operators
- √ Farm, municipal or commercial
  - All feedstocks
  - Any size
- √ Environmental and agricultural consultant
- √ Recycling professionals
- √ Local and state regulators
- √ Equipment vendors
- √ Anyone who wants an in-depth instruction on the art and science of commercial scale compost production and marketing

This course meets the training requirement to become a Certified Compost Operations Manager™.

Go to [www.certificationsUSCC.org](http://www.certificationsUSCC.org) for more information

## Curriculum:

- Day 1: Composting process, feedstocks and recipe development, compost systems
- Day 2: Equipment, safety, site design, environmental protection (odors and stormwater)
- Day 3: Regulations, composting facility tours
- Day 4: Compost testing, product quality, compost uses and marketing
- Day 5: Facility management, trouble-shooting and analyzing compostpiles

## Instructors and Facilitators:

Matt Cotton, IWM Consulting  
David Crohn, UC Riverside  
Will Bakx, Sonoma Compost  
Cary Oshins, CCREF  
Assaf Saleh, Soil Control Lab  
Kevin Barnes, City of Bakersfield  
Vince Tye, Recology  
...plus other regional and national experts!

Students receive an instruction manual, access to complete presentations, plus supplemental resources.

While the CCREF is a national organization, we strive to keep the course relevant to local conditions. Our faculty has extensive experience in making, permitting, selling and using compost in the surrounding region.
