2026 PROGRAM SPONSORSHIP OPPORTUNITIES
for the
COMPOST OPERATIONS TRAINING COURSE

Get your name in front of professionals who are already investing time and money to improve their understanding of compost manufacturing.

- Provides the knowledge and skills to run a successful composting facility using a unique and engaging blend of lectures, hands-on activities, peer-to-peer discussions, tours, and resources designed to maximize comprehension.
- Top national compost operations professionals share their expertise during a 5-day course.
- Includes networking opportunities for participants to build connections with others in the industry, creating value for both producers and regulators.
- Each training attracts ~40 attendees, including facility managers and start-up entrepreneurs.
- Outstanding reputation; many attendees proclaim it “the best course ever taken.”
- Since 2010, 60 COTCs have been conducted in 18 states, training over 1,800 professionals.
- Meets the training requirements to become a Certified Compost Operations Manager (CCOM™) or Certified Composting Professional (CPP™): www.certificationsUSCC.org
